

Data Protection and Confidentiality

At Townsend Montessori Nurseries Limited we recognise that we hold sensitive/confidential information about children and their families and the staff we employ. This information is used to meet children's needs, for registers, invoices and emergency contacts. We store all records in a locked cabinet or on the office computer that are password protected in line with data protection principles. Any information shared with the staff team is done on a 'need to know' basis and treated in confidence. This policy will work alongside the Privacy Notice to ensure compliance under General Data Protection Regulation (Regulation (EU) 2016/679 (GDPR).

Legal requirements

- We follow the legal requirements set out in the Statutory Framework for the Early Years Foundation Stage (EYFS) 2017 and accompanying regulations about the information we must hold about registered children and their families and the staff working at the nursery
- We follow the requirements of the General Data Protection Regulation (Regulation (EU) 2016/679 (GDPR) and the Freedom of Information Act 2000 with regard to the storage of data and access to it.

Procedures

It is our intention to respect the privacy of children and their families and we do so by:

- Storing confidential records in a locked filing cabinet or on the office computer that is password protected
- Ensuring staff, student and volunteer inductions include an awareness of the importance of confidentiality and that information about the child and family is not shared outside of the nursery other than with relevant professionals who need to know that information. It is not shared with friends and family, discussions on the bus or at the local bar. If staff breach any confidentiality provisions, this may result in disciplinary action and, in serious cases, dismissal. Students on placement in the nursery are advised of our confidentiality policy and required to respect it
- Ensuring that all staff, volunteers and students are aware that this information is confidential and only for use within the nursery and to support the child's best interests with parental permission
- Ensuring that parents have access to files and records of their own children but not to those of any other child, other than where relevant professionals such as the police or local authority children's social care team decide this is not in the child's best interest
- Ensuring all staff are aware that this information is confidential and only for use within the nursery setting. If any of this information is requested for whatever reason, the parent's permission will always be sought other than in the circumstances above
- Ensuring staff do not discuss personal information given by parents with other members of staff, except where it affects planning for the child's needs

- Ensuring staff, students and volunteers are aware of and follow our social networking policy in relation to confidentiality
- Ensuring issues concerning the employment of staff remain confidential to the people directly involved with making personnel decisions
- Ensuring any concerns/evidence relating to a child's personal safety are kept in a secure, confidential file and are shared with as few people as possible on a 'need-to-know' basis. If, however, a child is considered at risk, our safeguarding/child protection policy will override confidentiality.
- Ensure that the nursery operates a 'clear desk policy', meaning that no identifiable documents will be left on the desk in the absence of the Nursery Manager

All the undertakings above are subject to the paramount commitment of the nursery, which is to the safety and well-being of the child.

General Data Protection Regulation (Regulation (EU) 2016/679 (GDPR) compliance

In order to meet our requirements under GDPR we will also undertake the following:

1. We will ensure our terms & conditions, privacy and consent notices are easily accessed/made available in accurate and easy to understand language
2. We will use your data only for registration and financial reasons. We will not share or use your data for other purposes.
3. Everyone in our nursery understands that people have the right to access their records or have their records amended or deleted (subject to other laws and regulations).

Staff and volunteer information

- All information and records relating to staff will be kept confidentially in a locked cabinet
- Individual staff may request to see their own personal file at any time.

The Data Controller for each nursery is the named Nursery Manager

The named Data Protection Officer for Townsend Montessori Nurseries Limited is Philippa Vigor, Managing Director.

Access and Storage of Information

At Townsend Montessori Nurseries Limited we have an open access policy in relation to accessing information about the nursery and parents' own children. This policy is subject to the laws relating to data protection and document retention.

Parents are welcome to view the policies and procedures of the nursery which govern the way in which the nursery operates. These may be viewed at any time when the nursery is open, simply by asking the nursery manager or by accessing the file in reception or on the nursery website (www.tmnurseries.com). Condensed versions can be found in the 'Parent's Pack' given upon registration at the nursery. The nursery manager or any other relevant staff member will also explain any policies and procedures to parents.

Parents are also welcome to see and contribute to all the records that are kept on their child. However, we must adhere to data protection laws and, where relevant, any guidance from the relevant agencies for child protection.

As we hold personal information about staff and families, we are registered under data protection law with the Information Commissioner's Office. A copy of the certificate can be viewed in reception. All parent, child and staff information is stored securely according to the requirements of data protection registration, including details, permissions, certificates and photographic images. We will ensure that staff understand the need to protect the privacy of the children in their care as well as the legal requirements that exist to ensure that information relating to the child is handled in a way that ensures confidentiality.

The nursery's records and documentation that are required to be kept and stored by current legislation are performed in accordance with minimum legal archiving requirements. We currently archive these records for at least 24 years to ensure we are covered for any child protection concerns.

Nursery records and documentation that are not required to be kept are deleted or destroyed in line with the current data protection laws.

If Parents have a specific deletion or retention request regarding any data that we hold, please raise a query in writing and we will respond formally to your request.

Subject Access Requests

Parents may request access to any records held on their child and family following the procedure below.

- Any request to see the child's personal file by a parent or person with parental responsibility must be made in writing to the setting manager.

- The setting manager informs the Area Manager or Operations Manager and sends a written acknowledgement.
- The setting commits to providing access within thirty days
- The setting's manager / Area Manager or Operations Manager prepares the file for viewing.
- All third parties are written to, stating that a request for disclosure has been received and asking for their permission to disclose to the person requesting it. A copy of these letters is retained on the file.
- 'Third parties' include all family members who may be referred to in the records.
- It also includes workers from any other agency, including social services, the health authority, etc. It is usual for agencies to refuse consent to disclose, preferring the individual to go directly to them.
- When all the consents/refusals to disclose have been received these are attached to the copy of the request letter.
- A photocopy of the complete file is taken.
- The setting manager / Area Manager / Operations Manager go through the file and remove any information which a third party has refused consent to disclose. This is best done with a thick black marker, to score through every reference to the third party and information they have added to the file.
- What remains is the information recorded by the setting, detailing the work initiated and followed by them in relation to confidential matters. This is called the 'clean copy'.
- The 'clean copy' is photocopied for the parents who are then invited in to discuss the contents. The file should never be given straight over, but should be gone through by the setting leader, so that it can be explained.
- Legal advice may be sought before sharing a file, especially where the parent has possible grounds for litigation against the setting or another (third party) agency.

This policy will be reviewed annually and amended according to any change in law/legislation.
